FIELD NOTES

AI Code Review Risk Scanner

Use AI review to find bugs, regressions, missing tests, and security concerns.

FIELD NOTE 17

Diff -> Risk -> Evidence -> Verify -> Decide

ASK FOR RISK

- Bugs first
- Regressions
- Security
- Behavior drift

REQUIRE EVIDENCE

- File/line
- Why it matters
- How to verify
- Suggested fix

IGNORE NOISE

- Pure taste
- Optional renames
- Unneeded helpers
- Generic polish

HUMAN CALL

- Investigate leads
- Run tests
- Check contracts
- Own the merge
